Vision: Liberation of all animals

Tenet: Nonhuman animals have the right to live without fear, pain, suffering, or death caused by human subjugation.

Mission: We support animal rights and the vegan ethic in the Rochester, N.Y. area by educating the public about AR philosophy and specific animal issues, raising awareness of and expressing dissent against examples of exploitation and abuse, and supporting the advocacy community.

Values: Care for the environment, Civility, Compassion, Dignity, Fiscal responsibility, Justice, Liberation, Nonviolence, Truth, Unbiased

We affirm that animals do not exist for human use or exploitation, in any way, for any reason. Together we make the choice to advocate daily for the rights of all nonhuman animals.

ARRoc embraces the Vegan Ethic

Veganism is a moral and ethical way of living.

It is the practice of non-cooperation and non-participation in anything that exploits nonhuman animals, humans, or the environment.

It is a moral baseline for our conduct and how we are revealed to the world.

Thank you for joining us, and please know that your support and participation in our local advocacy work for animals are greatly appreciated. Make checks payable to Animal Rights Rochester, Inc. Contributions to ARRoc are tax-deductible. Please write legibly:
